PROFESSIONAL SUMMARY

Frontend-focused web developer with hands-on experience creating responsive and interactive web applications using HTML, CSS, JavaScript, and Firebase. Started learning web development in 2025 and enjoy building practical projects with clean interfaces and useful functionality. Currently expanding skills in React, Node.js, Next.js, and MongoDB with a long-term goal of becoming a MERN stack developer.

SELECTED PROJECTS

1 API Integration – User Data Fetching

HTML · CSS · JavaScript · API

- Integrated an external API to retrieve and display user data dynamically, with clean data handling and a responsive user experience.

Live Demo: https://w90236617-ux.github.io/api-integration/

2 LMS & Student Portal

HTML · CSS · JavaScript

- Built a learning management experience where students can sign in, select courses, access a digital student ID card, and complete quizzes.

Live Demo: https://w90236617-ux.github.io/LMSsite/

3 Contact List – Firebase Realtime Database

HTML · CSS · JavaScript · Firebase

- Created a contact management application that stores user contact data in Firebase Realtime Database for persistent data management.

Live Demo: https://w90236617-ux.github.io/conatct-list/

EDUCATION

Intermediate · Currently Studying

Expected completion of full stack development : Mid of 2027

CERTIFICATION

Certificate of Participation · Coding Night (Hackathon)

Saylani IT Training Programme, Saylani Welfare International Trust
12-hour hackathon · 2026

LANGUAGES

English · Urdu

TECHNICAL SKILLS

Frontend

HTML5 · CSS3 · JavaScript (ES6+) · Responsive Web Design · DOM

Backend / Database

Firebase Authentication · Firebase Realtime Database

Currently Learning

React.js · Node.js · Next.js · MongoDB · MERN Stack Development

CAREER GOAL

Seeking a web development internship where I can contribute to real projects, strengthen my frontend skills, and grow toward a professional MERN stack development career.
